SCOT-MEC

TOTAL MINING AND AGRICULTURE SOLUTIONS BEYOND TODAY

WHO WE ARE

SCOT-MEC is a leading distribution organisation, offering a complete range of products, technical services and solutions in main industries including mining, Agriculture, Construction, General and Automotive engineering since 1993.

As part of our aggressive marketing strategy the company has opened branches in South Africa, Bulawayo & Chiredzi. Our valued customers are the centre of our focus. Confronting problems head - on in collaboration with customers is what we seek to achieve.

COLLABORATIONS

We are the official distributor of **Clearline Protection System** a leading designer, developer and manufacturer of electronic protection and alternative power products for mining, industry, business and home. **Clearline is based in Midrand, South Africa.**

OUR SERVICES

The provision of turn-key solution is our core service. We are best positioned to optimise our products to meet clients expectations. Our commitment starts before any order is placed and goes far beyond final delivery of products.

The Head Office in South Africa and branches in Zimbabwe best help us plan and prepare for any undesired surprises in procurement or fabrication. Our technical team is available to offer inspection, supply, Installation and maintenance services where necessary.

CORPORATE VALUES

With an exceptional history spanning over 25 years, our customers are the centre of our focus and we strive to create and maintain long lasting relationships. We continue to grow as a distributor of choice to our growing customer base.

Depandability at your call.
